

## Career Exploration Program 2020-2021

Throughout the year, SPSG students are offered numerous opportunities to explore potential careers and learn more about how their coursework, personal interests, and passions align with prospective professional paths.

If you would like to add your name to SPSG's list of resources, please check any events of interest and provide your contact information below.

\_\_\_\_\_ **Guest Speaker or Panelist:** Come to campus to speak about your job, career path, and industry

\_\_\_\_\_ **Industry Visit:** Host a small group of juniors and seniors at your place of work for 1-2 hours to allow them learn more about your industry and organization; visits often include a tour of the workspace/office & discussion with colleagues from different departments (in the form of a panel or series of short meetings)

\_\_\_\_\_ **Senior Projects:** Host a 12th grade student for a two-week unpaid internship in late May

\_\_\_\_\_ **Sophomore Shadow Day:** Host a 10th grade student for one day in January. Allow her to learn about your industry and organization by shadowing you (and your colleagues) for the day

\_\_\_\_\_ **Summer Fellowship:** Host a rising senior for a one or two-week unpaid internship or job shadow experience

\_\_\_\_\_ I am unable to commit at this time, but would like to be contacted to discuss SPSG's Career Exploration Program and my potential participation.

Name: \_\_\_\_\_

Industry: \_\_\_\_\_

E-mail address or phone number: \_\_\_\_\_
